Ink your Script

A celebration of imagination, where words paint what eyes cannot see.

Ink Your Script is a creative writing competition where participants weave poems and stories of their choice, inspired by images projected on the screen. Each image becomes a doorway to a world of imagination, inviting writers to explore the unseen, give voice to the unspoken, and transform fleeting thoughts into timeless narratives.

As the Kannada saying beautifully expresses, **“ರವಿ ಕಾಣದ್ದನ್ನು ಕವಿ ಕಂಡ” - What the sun cannot see, the poet can.**

More than just a writing competition, Ink Your Script is a journey through love, emotion, courage, and human connection, bringing countless feelings together in a single chapter of words. It is where imagination knows no boundaries, emotions find their voice, and every story leaves a mark.

Open Mic

Where Every Voice Finds Its Stage

Open Mic is a space where voices turn into stories, emotions transform into art, and every individual gets a chance to shine. Whether it's poetry, storytelling, singing, stand-up comedy, or sharing thoughts from the heart, the stage is yours to express without boundaries.

It's not about being perfect; it's about being real. Every voice carries a story, every performance holds an emotion, and every moment creates a memory.

Quiz

The Art of Knowing

Some questions test what you know. Some challenge what you believe. And some make you think in ways you never have before.

Quiz is where facts meet curiosity, instincts meet intellect, and ordinary questions lead to extraordinary discoveries. It's a playground for curious minds, where every clue matters, every second counts, and the smallest detail can make the biggest difference.

So, sharpen your minds, trust your instincts, and remember - the answer might be closer than you think, but the question is never as simple as it seems.
